DESTROYER REUBEN JAMES SUNK

20 Killed in Canada's Greatest Disaster American Airlines Plane Making An Emergency Landing When It Crashes Near St. Thomas, Ontario

Heaps Of Ashes And Only
Twisted Metal After
Plane Burns Six Hours;
Bodies Cremated

By HERBERT K. LEWIS
St. Thomas, Ont., Oct. 31—
(UP)—Witnesses established
today that an American airlines
plane was trying to make
an emergency landing when it
crashed on a farm 14 miles
west of here last night, killing
its 17 passengers and its
crew of three.

There was a drizzling rain,
visibility was poor, a misty
fog shrouded the ground.
The plane dropped a flare but
its light was faded when, an
instant later, the plane plowed
into the ground, exploded,
and sent a great tower of
flame leaping into the sky.
No one aboard had a chance.
Victims' Bodies Cremated

After the plane had burned
for more than six hours, Provincial
Police Inspector Clem
Jordan examined heaps of
ashes and twisted metal and
announced that there could
be no question of identifying
bodies. All had been more or
less reduced to ashes.

It was enroute from New
York to Detroit and met its
end at 10:40 (EST) o'clock
last night, a little less than
20 hours after a Northwest
airlines plane crashed near
Moorhead, Minn., killing 14
persons. Thus, the period
from 3 a. m. to 10:40 p. m.
Thursday was the most disastrous
in the history of United
States commercial aviation.

The airliner took off from
LaGuardia field, New York,
at 6:03 p. m. with Capt. David
I. Cooper of Plandome, (L.I.)
N. Y., a veteran of the com-
mercial air ways, at the controls.
It arrived in Buffalo at
8:47 p. m., 22 minutes late,
slowed by bad weather. It
took off again at 9:03 p. m.
for the 225-mile flight to De-
troit and approximately half
way there smashed to the
ground in this rolling, farm
country of southern Ontario
facing on Lake Erie.

Triangle Co. Low On Hickory St. Bid

The Triangle Construction com-
pany of Kankakee was low bidder
on the project to pave East Hickory
street with asphalt, when bids were
opened today in the office of As-
sistant City Engineer Charles Gregg.
Triangle was awarded the con-
tract, subject to approval of the
state highway department, on a
bid of \$12,240.40 for paving of the
thoroughfare from Dearborn to Nel-
son avenue. Work probably will not
start until spring.
The other bidder, General Paving
company of Champaign, asked \$14-
896.13 for the improvement.

Crop Insurance Costly To Wheat Farmers In This County

By JAY SOURWINE
Washington, D. C., Oct. 31—(RN
Special)—Federal crop insurance
costs Kankakee county wheat farm-
ers more in premiums for the 1941
crop year than they have received
in indemnity payments.
Substantially complete figures on
indemnities show 380 bushels paid
to Kankakee county farmers in
satisfaction of four claims. Premium
payments for the crop year totaled
2,899 bushels.
The proportion of indemnity
claims in Kankakee county showed
a decrease. For the 1940 crop year,
with 51 farmers participating in the
program, five claims for loss were
paid. For the 1941 crop year, the

Gilman Doctor Reinstated In Health Dept.

Springfield, Ill., Oct. 31—(P)—
Charges of political activity against
Dr. A. J. Levy of Gilman district
superintendent for the state health
department, have been withdrawn
and he has been reinstated. It was
disclosed today when a trial board
began hearing a docket of civil ser-
vice appeals.

Dr. Levy's reinstatement was ef-
fective two days ago, the health de-
partment said, but no announce-
ment was given as to the reason for
withdrawal of charges on which he
was temporarily suspended. The
district of which Dr. Levy is super-
intendent consists of Livingston,
Kankakee, Iroquois and Ford coun-
ties.

The Gilman physician was the
second health department superin-
tendent to win reinstatement after
suspension on claims that they en-
gaged in political activity in viola-
tion of civil service rules. Dr. San-
dor Horowitz, Peoria district super-
intendent, recently was acquitted of
such charges after a civil service
trial.

Dr. E. S. Hamilton Named To State Medical Board

The appointment of Dr. E. S.
Hamilton, 565 South Chicago ave-
nue, to membership on the medical
examining committee in the state de-
partment of registration and educa-
tion was announced in Springfield
today by Gov. Dwight H. Green.

Dr. Hamilton, who succeeds Dr.
Milton M. Portis, resigned, has been
a practicing Kankakee physician 26
years. For 10 years he has held
membership in the council of the
Illinois State Medical society and
is now council chairman.
He served in the army medical
corps in the world war, and was in
France for a year with the rank of
captain at a base hospital. He is
a member of the American Legion
and Veterans of Foreign Wars and
is chief of staff of St. Mary hos-
pital.

Tomorrow Is Holy Day For Catholics

All Saints' day will be observed in
all Catholic churches on Saturday.
This is a holy day of obligation on
which all members of the faith are
obliged to attend mass.

Masses at St. Rose church will be
at 5:15, 6, 7:30, 9, 10 and 12:15 o'clock.
The last mass is especially for shop-
pers and workers.

Father And Son Are Each Fined \$10

A charge against Arthur Breese,
59, 837 South Fourth avenue, of as-
sault with a deadly weapon was
dropped before County Judge C. D.
Henry this morning.
Breese and his son Melvin, 34,
same address, pleaded guilty to
charges of disorderly conduct and
were fined \$10 and costs each.
They were arrested the night of
Oct. 23 for fighting in Bradley.

four indemnity claims filed came
from among 137 participating farm-
ers.

Indemnity payments, comparable
to the 380 bushels paid so far under
1940 contracts was 204 bushels for
1940.

Record in State
In Illinois as a whole, under the
1941 wheat insurance program, pre-
miums of 496,844 bushels were col-
lected on 38,079 insurance contracts,
and indemnity payments totaled
437,078 bushels on 5,463 claims.
Estimated insured production for
1941, in the entire state, was 7,325-
869 bushels. In Kankakee county
the official estimate of insured pro-
duction was 30,058 bushels.

U. S. ARMY GOVERNS AIR PLANT

Named To New Post

Charles Fahy has been nominat-
ed by President Roosevelt to be-
come solicitor general of the
United States, post left vacant
by Francis Biddle when he was
general.

Non-Strikers Clash With C.I.O. Workers

Troops Ordered To The
Bendix, N. J., Plant By
Secretary Of War

Bendix, N. J., Oct. 31—(P)—The
army seized the plant of Air Asso-
ciates, Inc., today and won cheers
from both factions in a bitter labor
fight with an announcement that
it would rehire men without regard
for the past.

President Roosevelt issued last
night an executive order directing
that the army take over and operate
the plant, saying the dispute threat-
ened to halt production of vital de-
fense material.

Secretary of War Stimson set the
troops in motion.
More than 2,000 soldiers with steel
helmets, naked bayonets and ma-
chine guns formed a human ring
around the plant, deployed through-
out nearby fields or idled wearily in
the vicinity. Few had slept.

Despite the show of force only the
machine guns were loaded. Officers
had orders that not a bullet was
to be in any rifle or pistol.

Fixed Bayonets
At the nearby Hestbrook road
station, C. I. O. strikers formed on
one side of a driveway and non-
strikers massed on the other. A
line of troops with fixed bayonets,
gas bombs and a machine gun eyed
both groups.

Into this tense scene rode Col.
Roy M. Jones, eastern district super-
visor for the air corps procurement
division, who took charge of the
plant.

"This plant is an important plant
to national defense," he told the
crowd. "We propose to open the
plant and we will need workers to
do so. We are going to set up an
employment agency just as soon as
we can complete the necessary in-
ventory. I am asking you in the
name of the President of the United
States as good citizens to support
me."

He then expressed hope there
would be jobs for all and said they
would be.

Mrs. Mann Is Hurt In Fall From Auto

Mrs. Elizabeth Mann, 382 North
Schuyler avenue, parole officer at
Dwight prison for women, suffered
side injuries when she was thrown
from her car in an auto-truck
crash at 7:30 o'clock Thursday night
on highway 17, 14 miles west of
Kankakee.

She did not enter the hospital
but was taken to her home by state
highway police.

Mrs. Mann was driving east on
the highway, enroute home. Blinded
by lights of an approaching truck,
she got off the pavement and in
attempting to pull back on, collided
with the rear part of the truck
driven by Rocco Chenevier, 22, of
Peoria, which blew a tire.

The Mann auto then bounced
off and a door came open, pitch-
ing Mrs. Mann out onto the shoulder
of the road, her car continued down
the highway about 200 feet before
stopping.

The Weather

(Friday, Oct. 31, 1941)
Hourly temperature readings from
1 o'clock Thursday afternoon to noon
today are:

High at noon 46, low at 11 p. m. 44.	A year ago fair, high 64, low 47.
1 p. m. 46, 2 p. m. 46, 3 p. m. 46, 4 p. m. 46, 5 p. m. 46, 6 p. m. 46, 7 p. m. 46, 8 p. m. 46, 9 p. m. 46, 10 p. m. 46, 11 p. m. 46, Midnight 46.	1 a. m. 46, 2 a. m. 46, 3 a. m. 46, 4 a. m. 46, 5 a. m. 46, 6 a. m. 46, 7 a. m. 46, 8 a. m. 46, 9 a. m. 46, 10 a. m. 46, 11 a. m. 46, Noon 46.
Sunrise today at 4:45, sunset Sat- urday at 6:23, sunset at 4:45, moon sets at 5:52 a. m. Saturday.	RAIN this afternoon and tonight, clearing Saturday; colder tonight and in east Saturday.

Flying Cadet

Cadet Lowell C. Lutton of Kan-
kakee was graduated this week
from the air corps basic flying
school at Gardner field, Taft,
Calif. After 10 more weeks at an
advanced army flight training
school, he will be commissioned
as a second lieutenant in the
army air corps reserve.

Pocketbooks Of The Nation Will Be Hit Harder

Huge New Program Is
Designed To Collect
\$6,000,000,000

By IRVING PERLMETER
Washington, Oct. 31—(P)—High ad-
ministration officials disclosed today
they have in preparation a huge new
tax program designed to collect ap-
proximately \$6,000,000,000 of "excess
purchasing power" from the nation's
collective pocketbook.

The money would be raised by
stiffer regular taxes, increased
social security taxes, and other
methods, officials said, and the plan
may be ready for presentation to
congress before Christmas.

The new program, they asserted,
was needed both to prevent infla-
tion and to help finance the coun-
try's ever-expanding defense effort.

Higher Security Rates
Treasury Secretary Morgenthau
said yesterday that higher social
security rates would be proposed,
but other officials followed up this
announcement by revealing that a
whole new regular tax bill was be-
ing rushed for possible presenta-
tion months ahead of all previous
forecasts.

If all the contemplated new levies
are combined in a single omnibus
measure, the new tax bill would
dwarf the record-breaking \$3,500,000-
000 tax law just passed by congress.
Officials don't know yet where
or how they are going to get the
\$6,000,000,000. But they are thinking

Kankakee Junior Class Play Cast Is Announced

All parents are worried when their
daughter first falls in love, but
when she falls in love three times
in succession, they almost collapse.
Add to that the young one falling
in love, too, and you've got a first
class mess.

That's the story of Professor and
Mrs. McIntyre in the play, "Young
April," to be presented in the Kan-
kakee high school auditorium Nov.
27, by the junior class. The play
was written by Aurania Rouverol
and her son, William Spence Rou-
verol, and is being directed by Miss
Pauline Tull.

The worried parents are played
by Betty Baird and Clifford Regue,
while their offspring are played by
Dorothy Andre and George Mor-
row. Other members of the cast
are Arlene Estinger, Eleanor Bow-
man, Lois Ann Strain, Tom Hem-
mings, Robert Wolf, Donald Ray,
Jack Magruder, Ronald Rieken, June
Hodgson, Dorothy Heffer, Marcia
Holt, Norma Jean Davis and Mar-
garet Jones. Doris Neumann serves
as prompter.

A. N. Powers Is Sued For \$25,000 Plus Interest

Administrators Of
Belleau Estate Also
Ask For Profits

Arthur N. Powers, 895 Cobb boule-
vard, former president of the Illi-
nois Light & Power company, today
was named defendant in a suit for
\$25,000, interest at 6 per cent since
July 1, 1929, and profits, if any,
from a purported investment.

The suit, filed for the circuit
court, is by the First Trust & Sav-
ings bank as administrator de bonis
non with the will of Frank Belleau
annexed, and Claude M. Granger,
administrator to collect the estate
of Mary Belleau.

Belleau, former Bradley resident
who had been associated in busi-
ness with Powers, died on Oct. 28,
1933 and his wife Mary died Nov. 4,
1935.

Powers' Claims \$1,954
The complaint, filed in the office
of Circuit Clerk Albert Tetrault, by
Attorneys Lem H. Small and Sam-
uel H. Shapiro, says that in the
course of administration of the es-
tate of Belleau, Powers filed a claim
against the estate of \$1,954.15, based
on a purported account of debts
and credits between Powers and
Belleau from March 24, 1928 until
Belleau's death.

The matter is now before County
Judge C. D. Henry, the complaint
continues, and is not fully disposed
of.

The complaint goes on to say that
the administrators of the Belleau
estates have discovered the exist-
ence of a purported agreement dat-
ed July 1, 1929 between Powers and
Belleau, in which the latter invests
\$25,000 with Powers and the latter
undertakes to pay, out of the pro-
ceeds of the investment, the princi-
pal amount, interest at 6 per cent
and half of the profits, if any.

Allege Nothing Paid
The plaintiff administrators of
the Belleau estates allege that no

(Continued on Page Eight)

Daniels Quits As Ambassador To Mexico

Washington, Oct. 31—(P)—President
Roosevelt has accepted the resigna-
tion of Josephus Daniels, ambassador
to Mexico.

The chief executive, in announc-
ing this to a press conference to-
day, said that of all the people who
had been at foreign posts in Latin
America in the last 8 1/2 years, he
thought Daniels had done more to
encourage and live up to the good
neighbor policy than any.

The President said there had been
a great improvement in American-
Mexican relations, which he de-
clared were now on a basis of un-
derstanding and friendship, since 1933.

The chief executive had nothing
to say about a successor, but said
he had suggested that Daniels return
to Mexico City to say farewell to
associates and officials. The am-
bassador, who was navy secretary in
the world war and had the Presi-
dent as his assistant, said he sub-
mitted his resignation because of
the poor health of his wife.

Accident Victim Sues For Insurance

A suit for \$500 against the Wash-
ington National Insurance company
was filed for the county court today
in behalf of Jesse Correll, 881 North
Seventh avenue.
The complaint filed by Attorney
Noel A. Diamond says that Correll
purchased an accident insurance
policy on Sept. 27, 1937.

On Nov. 24, 1939, the complaint
continues, Correll was struck by an
automobile at Court street and Fifth
avenue and was injured, being dis-
abled four months, under the care
of a physician and a patient in St.
Mary hospital more than two
months.

The complaint alleges the insur-
ance company has failed to pay the
indemnity of \$35 purported to be
provided by the policy.

Navy Announces Loss Of Its First Warship In European War; Victim Of Torpedo West Of Iceland

Ask Donations For Local Boys At Camp

The Kankakee unit of the 33rd
Division Women's club will co-
operate in the state-wide drive of
this group to obtain public dona-
tions of books, magazines and games
to send to local boys at Camp For-
rest, Tenn. It was announced today
by Mrs. Phil Byron, president of
the unit.

Boxes are to be placed Saturday
in convenient downtown locations
to receive such donations. All such
material collected here will be sent
to the boys of Co. L and Headquarters
detachment at Camp Forrest.

A letter was received yesterday
from Lieut. Raymond C. Hefley, who
is commanding Co. L, acknowledging
receipt of two washing machines and
a radio recently donated by the
Kankakee unit and thanking the
donors for their "patriotic gesture
and thoughtfulness."

The list of stations where boxes
are to be placed tomorrow follows:
City hall, Baird-Swinnell, Legion
home, I. C. drug store, Chouinard
grocery on West Station, Kroger's
at 104 East Court, Hotel Kankakee,
LaPayette hotel, First Trust bank,
City National bank and Montgomery
Ward fashion department.

Witness Fails To Appear At Momench For Second Trial

After a jury had failed to agree
as to the guilt or innocence of O.
K. Mattocks, Momench, in an as-
sault and battery charge, the ac-
cused was dismissed yesterday.

This was done by Edward Gilbert,
Momench magistrate, for lack of
prosecution when Everett Madison,
the complaining witness, failed to
appear for yesterday's hearing.

A similar charge against Ralph
Bruce, Momench, had been dismissed
by State's Attorney Joseph J. Tolson.
Testimony before the magistrate had
been to the effect that Mattocks, a
drainage contractor who had done
some work for Pembroke township,
went to the home of Madison, high-
way commissioner, to collect.

He was accompanied by Bruce, a
friend, and the magistrate, and the
warrants were issued.

After the first hearing on Wed-
nesday the jury failed to agree after
nine ballots, and a new trial was
set for yesterday. The jurors were
Leo Bukowski, Howard Nash, Carl
Jensen, Leslie Rock, John Novack
and W. Lyne.

Kankakee Attorney To Direct Drive

Noel Diamond, 809 South Green-
wood avenue, newly elected presi-
dent of the Seventh District Federa-
tion of Local Bar Associations and
past president of the county associa-
tion, has been appointed to the gen-
eral bar, state committee of the
state bar association.

His appointment was announced in
Chicago today by Robert McCleary,
chairman of the committee.

In a drive to continue until Nov.
28, the membership committee seeks
to add 1,000 lawyers to the rolls
of the association.

Launch Campaign To Preserve Historical Exhibits Here

Three Kankakeans interested in
perpetuating the Kankakee County
Historical society exhibit in the
courthouse made an informal pre-
sentation of the problems involved
at the Rotary club meeting Thurs-
day noon in the Hotel Kankakee.

The speakers included Mrs. Ralph

the Rev. Morgan Williams of the
Kwanian club; and Frank Schneider,
a life member of the society. The
first two organizations already have
decided to lend assistance to the
project of preserving and adding to
the collection and the Rotary club
was invited to assist also.

Mrs. Francis spoke of the need for
establishing a board, a ways and
means committee, a membership
drive, a selecting or collecting com-
mittee to choose things of value
and annual reports to each member
to keep-up the interest. Plans are
still in the embryo state.

Value of Local History
The Rev. Williams described the
value of developing an historical
sense, to "get an idea of where
we are going by examining the
past."

Was Engaged In Convo- ing In North Atlantic Last Night When At- tacked By Submarine

BULLETIN

London, Oct. 31—(AP)—
The belief was expressed
in informed quarters here
today that the submarine
which sank the American
destroyer Reuben James
might have mistaken her
for one which had been
transferred by the United
States to the British.

They said her appear-
ance roughly corresponded
with the former American
ships now in the Royal
navy.

The admiralty declined
comment.

Washington, Oct. 31—(AP)

The United States Destroyer
Reuben James was tor-
pedoed and sunk west of Ice-
land last night, the first
American warship lost since
the European war began, and
President Roosevelt crisply
told a press conference the
attack would not change
United States policy.

The hours passed with no
news of the fate of the men
aboard, while in London an
authoritative British spokes-
man took the view that Ger-
many had declared "Indis-
criminate submarine warfare
against the United States."

Six Officers, 114 Men

Ordinarily the Reuben
James carried 6 officers and
114 men. The 21-year-old
destroyer was on convoy duty,
the navy said and Mr. Roose-
velt, in his discussion of pol-
icy, noted the specific fact
that she was carrying out a
duty assigned to her.

In Berlin an authorized
source said that if the de-
stroyer was participating in a
convoy "it was no wonder
that she was torpedoed."

Replying to a reporter's
question, the President said
he had not thought about the
possibility of cutting off re-
lations with Germany. Rep.
Celler (D-NY) introduced
such a proposal in the House
yesterday.

Unlike the Destroyer Kear-

Watseka Wife Says Husband Is Cruel

Watseka, Oct. 31—(RN Special)—
Ruth M. Peck of Watseka filed suit
for divorce today from her husband
James on charges of extreme and
repeated cruelty.

They were married at Kohakia,
Ind., last December and separated
Oct. 21. She asks to resume her
maiden name of Ruth Fisher. They
have no children.

School Set Up To Train Boys In Seamanship

Graduates To Help Man Expanding Fleet Of Cargo Ships

By NEIL BURKHARDT
United Press Staff Correspondent
Ventura, Cal., Oct. 31.—(UP)—The United States coast guard needs ships and sailors to help maintain its historic "freedom of the seas" policy, so the Pacific Coast has launched a program designed to train at least 2,500 sailors annually for the expanding merchant marine.

With the aid of the U. S. Maritime Commission and the Coast Guard—plus one ship-and-span, deluxe training ship—a new \$10,000 training station has been erected near this Southern California coastal town in answer to the government's request for well-trained crews to man a great new fleet of cargo ships.

The training station, located at Ventura's new man-made harbor, Port Huemane, is the first of its kind on the West Coast. It was constructed under the supervision of the Maritime Commission.

Class to Have 320

A minimum of 320 apprentice seamen will receive a "cover-to-cover" course" lasting three months in the new station. The number of boys will take their advanced lessons aboard a trim training ship, the American Sailer.

Under the guidance of the Coast Guard, the Port Huemane station will offer sound fundamentals of seamanship to the young men and they will be allowed to test their new learning aboard the training ship during a three-month cruise through the Panama Canal to New York.

The station is the first of its kind in the United States and the students are not limited by age. The course will last from 18 to 23 years of age, which will form the last part of November. The station is located on the coast of California, near Los Angeles, Seattle, Wash., and San Francisco.

The Maritime Commission is counting on the inherent love for the sea, which compels many boys to "seek the ships" to fill the school's roster—for the enrollment pay is \$2 a month, while a station graduate will receive approximately \$72 a month aboard a ship.

Guard officers will instruct the Port Huemane students in everything from sailing to the operation of marine turbines and reciprocal engines will be provided for those who aspire to join the "black gang" of the coast guard.

When their education is completed, the students will board the American Sailer, formerly the freighter Edgemont, and the three-month training will begin.

The Maritime Commission spent more than \$1,000,000 overhauling the old Edgemont and it has been transformed into what experts term the most modern training ship in the world.

The American Sailer is complete with class rooms, dormitories, machine shops, a hospital, recreation room and the newest navigational instruments.

When the young sailors finish training they will be placed on the new ships sliding off the ways daily throughout the nation. They will be officers—able-bodied seamen, but they'll be an essential part of the coast guard.

It's just like Capt. W. F. Towle, superintendent of the Port Huemane station, said at the dedication of the school a few weeks ago: "These boys will be a vital part of the national defense program, for the United States needs sailors again."

LaGuardia-O'Dwyer Battle for Mayor's Seat Rouses New York

Many New Yorkers have found something to take their minds off the battle in the verbally flouting war between Mayor Francis LaGuardia and Brooklyn District Attorney William O'Dwyer.

Guardia and Brooklyn District Attorney William O'Dwyer, who have held the office eight years, and O'Dwyer, who has held the office for three years, have been plentiful and barbed down to the wire for the ballots.

American Cows Are Being Groomed Like Boxing Contenders

By WILLIAM FERRIS
Chicago, Oct. 31.—(UP)—Cows on American farms are being groomed like a title contender prior to the championship fight, for the record-shattering productivity task awaiting them in 1942.

In next year's plans of the department of agriculture, statistics show that every cow on every farm will be called upon to increase her milk production 4 percent over 1941.

Here is what the department expects in the number and milk derivatives in 1942:

1. Condensed and evaporated milk production 25 per cent higher than this year.
2. Cheese production up 13 1/3 per cent over 1941.
3. A slight increase in butter production.
4. An increase of 100 per cent in the production of dry skin milk for human consumption.

To attain these goals, cows will be called upon to produce 100,000,000 pounds of milk compared with an estimated 107,000,000,000 pounds average for 1936-40. If attained, it will be a record, and the increase in the number of cows on farms is not alone sufficient to do it.

The role which the cow will play in food-for-defense is preeminent. Secretary of Agriculture Wickard recognized this fact when he said recently, "of all the farm commodities of which increases are needed the most urgent need is for more milk."

Two major demands are expected to be met by the milk production program. First, increased domestic consumption created by higher purchasing power; second, larger shipments to Great Britain under the lend-lease act in fulfillment of America's position as the "larder of democracy."

For these reasons, the American cow, as she comes of pasture and her winter in the barn, is having her diet carefully checked. The department believes that the cow will be fed large amounts of grain and concentrated feeds.

Canada Makes All-Out Shift To War Goods

Change-Over In Industry Virtually Complete After Struggle

By ROBERT C. HANSON
United Press Staff Correspondent
Ottawa, Oct. 31.—(UP)—Canada's industrial capacity has been thrown overboard and industrial war goods production is in its entirety following a year of concern over plant and machinery shortages.

New plants have risen, old plants have been expanded and almost 100,000 new workers have been trained to take up the slack in the manufacturing program needed to produce war goods.

Aside from the stepped-up production program needed to produce war goods, the Canadian government has been working to increase the output of its war goods production. As I have said, the government has been working to increase the output of its war goods production.

As I have said, the government has been working to increase the output of its war goods production.

Wife Commits Crash Survivor

Capt. Clarence Bates, pilot and in a Fargo N. D. hospital. Airline only survivor of a Northwest Airlines crash landing in the Canadian wilderness, killing 14 persons near Moorhead, of how the disaster came about.

Since the outbreak of war, Canada has increased exports to Britain. The mid of the battle of the Atlantic and for the year ending March, exports were 45 per cent above the figure for the preceding year. This year, estimates of the export figure at \$1,500,000,000, equivalent in United States dollars to \$2,500,000,000.

The stepped tempo of jumping production facilities has absorbed the war goods industry in little more than a year. To prevent drastic cutbacks in the future, the government has been working to increase the output of its war goods production.

As I have said, the government has been working to increase the output of its war goods production.

What Is an Expert?

WEBSTER says an expert is "a specialist in a particular branch or calling; one who is thoroughly acquainted with all matters, details, methods, uses, and values."

If this is true, you will agree that Milwaukee qualifies as America's best expert on beer.

Measured by any standard—or by its thousands employed in making beer—or by number of its world-famed breweries—Milwaukee is an authority on beer.

Here—in America's most critical beer market—Blatz bottle beer is preferred to any other brand!

Using money for ballots, these beer experts elected Blatz best of bottle beer.

Treat yourself to the experts' choice and you will make Blatz your favorite, too. Neither sweet nor bitter, it is balanced to perfection. Order this drink of friendship from your dealer.

Always Union-made
BLATZ BREWING CO., MILWAUKEE, WIS.

Blatz Beer advertisement featuring a bottle of beer and the text "What Is an Expert?" and "WEBSTER says an expert is 'a specialist in a particular branch or calling; one who is thoroughly acquainted with all matters, details, methods, uses, and values.'"

Health Penalties Of War Are Spread To Civilians

By LOGAN CLENDENING, M. D.

The penalties of war are felt far behind the lines. They impress themselves upon the civilian population even of the non-belligerent nations and on future generations. Undernutrition of civilian populations is an inevitable consequence of war. And there is no more delicate barometer of undernourishment than the incidence of tuberculosis. "Tuberculosis is on the increase abroad and the splendid record of the disease throughout the world is being seriously threatened as a result of war conditions," is the statement of the statisticians of the

Metropolitan Life Insurance company. The incidence of tuberculosis has been steadily and rapidly falling since 1850—with one interruption—the years of world war I. That interruption in the regular decline of the tuberculosis death rate affected even the United States. Far removed as we were from the conflict, little as our food supply was interrupted, yet even here in 1918 for the first time since the civil war, the death rate from tuberculosis rose, instead of continuing its fall, and this rise continued until 1920.

Increase in Last War
In Europe, however, the inter-

ruption was drastic and alarming. In England the death rate from tuberculosis among women was 25 per cent higher in 1918 than it was in 1913. In Germany it was 75 per cent higher in 1918 than in 1913. In Belgium the rate doubled—from 177 deaths per 100,000 population in 1913 to 390 in 1918. In the Netherlands the tuberculosis death rate in 1918 reached the almost incredible figure of 1,400 per 100,000 population. The story is being repeated. In England the death rate from tuberculosis for males showed an increase of 13 per cent in 1940, over 1939. 7 per cent for females. In France the Vichy government reports a sharp increase. Over conditions in Germany there has been a pall of silence, so we gather they, can not be good.

The lesson is surely that tuberculosis runs coincidentally with food supply. Our own statistics are not yet affected, which indicates that our distribution has not been interrupted. We must make every effort to preserve this status and every effort to maintain the food supply of the entire world, as a matter of intelligent selfishness, because tuberculosis is a plague spot that spreads in all directions.

QUESTIONS AND ANSWERS
G. K. C.: "Is it possible to receive the full food value of such things as eggs, milk and butter when they are used as ingredients rather than as a simple food by itself?"

Is there the same value in powdered eggs and milk as there is in fresh eggs and milk? If there is, the same value in powdered eggs, could you tell me where to buy them?

Answer: 1. Yes.
2. Yes.
3. Powdered egg yolk is manufactured by R. C. Williams Co., New York, N. Y.

SECOND THREE-WEEK DIET PERIOD

Fall Reducing Diet—Friday
The only woman I've seen lately who was satisfied to remain fat was "Alice of Dallas" in Ringling Bros. show. Like most of the women I meet, she wasn't doing anything about it either.

Breakfast:
1 grapefruit—no sugar.
1 slice toast—no butter.
Black coffee—no sugar.

Blast-Torn Plates on Kearny

This official U. S. Signal Corps photograph shows damaged plates on the U. S. S. Kearny after a torpedo struck her during a battle with

a submarine in the Atlantic ocean the night of October 16-17. The navy revealed that "the force of the explosion breached the side of the ship well under the water line . . . the force of the explosion was forward and upward. The deck above the fire room was ruptured . . ."

Defense Bond Quiz

Q. How does a voluntary pay-roll allotment plan for enabling employees to buy defense savings bonds operate?

A. After the defense savings program has been clearly explained, employees state what amount of defense savings stamps or bonds the company is to buy for them each pay day from their earnings. When enough stamps have been accumulated, the company exchanges them for bonds, which are delivered to the employees.

Q. What is the fundamental aim of the Treasury department's defense savings program?

A. To create an immense reservoir of American savings through systematic investment in their government's securities by all the people.

NOTE.—To buy defense bonds and stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C. Also stamps are on sale at retail stores.

Beaverville

Roy Lebeau, who has been in training in California, has returned home having been released from service because he is over the age limit. Donald Sanders, who has been discharged, visited Mr. and Mrs. Antille Nourie whose son Melvin was in the same camp in California.

Mr. and Mrs. Paul Frost and son Melvin were in Joliet on Saturday.

BOY FIGHTS TO BE HONEST
Kilgore, Tex., Oct. 31.—(UPI)—Not only did a teen-age boy return a lost billfold intact, but he put up a fight to get to do it. Handling the pocketbook, containing a soldier's \$21, to a newspaper editor, the boy said he had "to whip another kid who had wanted to run off with the billfold the two found."
